We'll be together  
Every little, every little step I take  
Every little, every little step I take

I can't sleep at night, I toss and turn  
Listen for the telephone  
When I get your call, I'm all choked up  
Can't believe you called my home

And as a matter of fact, it blows my mind  
If you would even talk to me  
'Cause a boy like you is a dream come true  
A real life fantasy

No matter what your friends try and tell you  
We were made to fall in love  
And we will be together, any kind of weather  
It's like that, it's like that

Every little step I take, you will be there  
Every little step I make, we'll be together  
Every little step I take, you will be there  
Every little step I make, we'll be together

I can't sleep at night, I toss and turn  
Listen for the telephone  
When I get your call, I'm all choked up  
Can't believe you called my home

And as a matter of fact it blows my mind  
You would even talk to me  
'Cause a boy like you is like a dream come true  
A real life fantasy

No matter what your friends try and tell you  
We were made to fall in love  
And we will be together, any kind of weather  
It's like that, it's like that

Every little step I take, you will be there  
Every little step I make, we'll be together  
Every little step I take, you will be there

Every little step I make, we'll be together

Every little, every little step I take  
Every little, every little step I take  
Every little, every little step I take  
Every little, every little step I take

No matter what your friends try and tell you  
We were made to fall in love  
And we will be together, any kind of weather

Every little step I take, you will be there  
Every little step I make, we'll be together  
Every little step I take, you will be there  
Every little step I make, we'll be together

Every little, every little step I take  
Every little, every little step I take  
Every little, every little step I take
