Clench my fist tight make you act right
Si tu te piensas que tu gannas piensa otra ves
Walk on thin ice tread these fine lines
Los sentimientos que me quitan todo lo que soy

Stay forever walk behind me
When I say it's forever
Don't remind me
(Ever)

This encounter is far from over
Maravillosa que te pones cuando yo no estoy
Enforces major malign tension
Preciosa y tan mentirosa

Stay forever walk behind me
When I say it's forever
Don't remind me
(Ever)

Todo por la cara bonita
Todo por la cara bonita
Todo por la cara bonita

Stay forever walk behind me
Just say it's forever
Don't remind me

Stay forever walk behind me
When I say it's forever
Don't remind me
(Ever)

Stay forever walk behind me
When I say it's forever
Don't remind me
