# "De La Vida"

Away but are you even knowing?
Accepting your existence, do you even breathe?
Still there is no tomorrow
What lies ahead and you come for sorrow

Make me wind this coral reef
Now holding time, a part of me
And I can't spare the air to breathe
Just take it all away

I don't rest
The vultures, up to you, will confess
Self-compress
A dollar life so self-possessed

La agua que te guias, todo un mar de porqueria
You will not emerge from this
But when everything is said and done
Tell me, lo que no paso

De tu vida, breathless and knowing
Nunca sentiste la paz y el amor
De tu vida, that this is your nothing
You can't erase it

I speak expecting some connection
While hosting your deception of what will never be
Well the one part that is missing
Is the only thing that keeps you listening

Make me wind this coral reef
Now holding time, a part of me
And I can't spare the air to breathe
Just take it all away

Self-suppressed
So lost for every will to express
Bury it
Now mark it and let give with it

La suerte de tu vida es que ser libre no existe
You will not emerge from this

But when everything is said and done
Tell me, lo que no paso

De tu vida, breathless and knowing
Nunca sentiste la paz y el amor
De tu vida, that this is your nothing
Look at what I have made of you

Y tu vida, breathless and knowing
Nunca viviste lo que es el dolor
De tu vida, that this is your nothing
Look at what I have made of you

I don't rest
The vultures you will comfort, you will confess
Now end this stress
A dollar life but just for me to posses, posses
Lo que no paso

Y tu vida, breathless and knowing
Nunca viviste lo que es el dolor
De tu vida, that this is your nothing
Look at what I have made of you

Y tu vida, breathless and knowing
Nunca vivistes lo que es el dolor
De tu vida, that this is your nothing
Look at what I have made of you
