I am so unlike you in so many ways
I know I'm just a copy that carries on the stain

But we make the same mistake
'Cuz we are one and the same
But we leave behind the stain
That cannot separate

All that lies in me, all that dies in me
How can I live without you?
All that lies in me, all that dies in me
How can I live without you?

I am your mirror image of all you left behind
You made me what I am and who the hell am I?

But we make the same mistake
'Cuz we are one and the same
But we leave behind the stain
That cannot separate

All that lies in me, all that dies in me
How can I live without you?
All that lies in me, all that dies in me
How can I live without you?

Why, yo no entiendo porque
I know that our lives are the same
Y mi vida is just a guessing game a dirty stain that I
cannot play
But I follow your steps
In the same way that you just walked away and pushed
away
That I will not live

Do you think of me? Do you dream of me?
I always dream about you
Do you think of me? Do you dream of me?
I always dream about you

All that lies in me, all that dies in me
How can I live without you?

All that lies in me, all that dies in me
How can I live without you?
