

Ill Nio

"La Liberacion Of Our Awakening"

Visit "[La Liberacion Of Our Awakening](#)" on MotoLyrics.com

For the rest of my life I dedicate my soul
To the liberation of our awakening, our arising, our
unification
With open eyes we stare into our enslavement
Por el resto de mi vida, dedico mi alma

I will feel so blessed in this skin of mine
(Mine)
Even worse this water had turned to wine
(Wine)

I won't feel that pleasure, my wounds are thick
(Thick)
So confused I'm restless, consumed within
(Within)

In this endless maze I'll suffocate
When every word around me drives me to the end
To shed my face and change my ways
When everyone around me drives me to the end of
silence

Tell me what's the motive behind this scene
(Scene)
Suffer I'm now captive, refuse to leave
(Leave)

Now that I've surrendered there's no more threat
(Threat)
Living this injustice without regret
(Regret)

In this endless maze I'll suffocate
When every word around me drives me to the end
To shed my face and change my ways
When everyone around me drives me to the end of
silence

I'll wait for the rain
I'll wait for the rain

The government, our justice system and corporations

Playing Monopoly with society only the elite can
Through this game, we are limitless separation
Divided, we are the evicted

The promises of all companies
To find the solutions to all your problems
Only the fellow popular politicians imprisoning the weak
We are the evicted, we are the weak, everyone suffers

I will suffer

In this endless maze I'll suffocate
When every word around me drives me to the end
To shed my face and change my ways
When everyone around me drives me to the end of
silence

I'll wait for the rain
I'll wait
