I still hear my voice, it's calling in my head  
But if I had only one choice, I'd leave it left unsaid  
Unsaid

I try to reach you but my senses got so blurry  
And I, I try to teach you but my words come out so  
muddled  
And I, if there's one thing that I should let you know, it's  
go away  
But I keep fighting and I'm finding your injustice

It's just killing me  
(Killing you)  
I cannot breathe  
Just let me go  
(Killing me)  
Or this will break me

My inner voices are part of my disease  
'Cause it's pushing me to hurt you  
But killing you is just killing me

If I can't have you and the dreams you put inside my  
head  
I would not leave you but I keep you here until our  
death  
You think it's over, there's a gun in my head full of lead  
I want to use it but I can't abuse it and that's why

It's just killing me  
(Killing you)  
I cannot breathe  
Just let me go  
(Killing me)  
Or this will break me

My inner voices are part of my disease  
'Cause it's pushing me to hurt you  
But killing you is just killing me

What are you waiting for, you will never get away?  
What are you waiting for, you will not get away?

What are you waiting for, you will never get away?  
What are you waiting for, you will not get away?

(Unsaid)  
My inner voices are part of my disease  
'Cause it's pushing me to hurt you  
But killing you is just killing me

(Unsaid)  
'Cause killing you is killing me  
(Unsaid)  
'Cause killing you is killing me
