Oh, God, if I ever had a god
My soul, if I ever had a soul
Bring forth the unilateral
Condition

Rezando que siempre
(Praying that always)
Me des resoluciÃƒÂ³n
(You give me a resolution)

Recompose
Resurrect my termination
Through birth
Now that I am whole

This immaculate conception re-born
Again
I will strike back
Through my resurrection

Mi dios, yo te pido que me hables
(My God, I ask you to talk to me)
El sol me ha nublado los canales
(The sun has blinded my vision)
Tu voz, transmitiendo tus seÃƒÂ±ales

(Your voice, transmitting your signals)
La sangre de mis manos
(The blood from my hands)
EstÃƒÂ¡i cayendo en tus calles
(Is dripping onto your streets)

Recompose
Resurrect my termination
Through birth
Now that I am whole

This immaculate conception reborn
Again
I will strike back
Through my resurrection
