It's time to take it back, I'm taking what is mine

Me lo vas deber
No murder, no murder, no murder
No murder, no murder, no murder

I realize that everything I want to be
Is everything that you once took away from me
Okay, I'm me and I'm so fucked up inside
And see I don't care, what is it
And every sin I have done, right

What more can you put me through? What happened?
What do you, what do you want?
What more can you put me through? What happened
inside?

I don't even care, I don't even mind
Everything you do will turn against you
[Incomprehensible]
I don't even care, I don't even mind
Everything you do will turn against you

No more, no more, no more, no
No more, no more, no more
Murder me lo vas a deber
No murder, no murder, no murder
No murder, no murder, no murder, no murder

I realize that everything I want to be
Is who you are and all the things you are in me
And now, I'm free and you are living inside of me
I am your every sin, you're the reason something's not
right

What more can you put me through? What happened?
What do you, what do you want?
What more can you put me through? What happened
inside?

I don't even care, I don't even mind
Everything you do will turn against you

[Incomprehensible]
I don't even care, I don't even mind
Everything you do will turn against you
[Incomprehensible]

I don't even care, I don't even mind
Everything you do will turn against you

No more, no more, no more, no
No murder, no murder, no murder, no murder

What the fuck you've been through? What happened?
