Separate your mind, overcome in time  
I'm takin' what is mine, tenemos que pelear

Nothin' is all, I thought I was there  
I'm findin' myself goin' nowhere  
Is this a mistake?  
I cannot relate to what is fake

Is this what I get for learnin' to speak?  
For openin' eyes and diggin' in deep?  
Is this what I get for bein' reborn from the norm?

I don't want to shine, light will make us blind  
I don't want to feel unreal  
What have I become? Born under the sun  
Planets will converge for you

I'll try to break you, I'll try to break you  
I'll try to break you

What would it take to not look away?  
To open my eyes and stare in the face  
To learn from what's real  
I'm tryin' to deal but it's worthlessÃ,Â

Is this what I get for learnin' to speak?  
For openin' eyes and diggin' in deep?  
Is this what I get for bein' reborn from the norm?

I don't want to shine, light will make us blind  
I don't want to feel unreal  
What have I become? Born under the sun  
Planets will converge for you

Pushin' and grindin' is twistin' my mind frame  
El tempo que pesa nos tumba la mesa  
Y ahora que es nuestro, mi vida te apuesto  
Bet my life

I don't want to shine, light will make us blind  
I don't want to feel unreal  
What have I become? Born under the sun

Planets will converge for you, I don't want to feel  
I don't want to feel, I don't want to feel unreal
