"With You"

Yeah, there's something in your ways
That makes me wanna stay here for a thousand years
So just cry your fears yeah, I need you everyday
Inside you, I just want to wipe away your fears
So just cry your tears yeah

I wish, that I was with you

If I stay, well than your tears will set you free
If I stay right here and forever with you
Everything I feel for you
Is everything I want to stay with you
If I stay right here, and forever with you

My eyes, my eyes

This is tearing me apart
I wish I could be in your soft arms
Feel you again, anytime I feel like I'm too far
Than I will try to remember all ours and
Your memories I know

I wish, that I was in you

If I stay, well then your tears will set you free
If I stay right here than forever with you
Everything I feel for you
Is everything I want to stay with you
If I stay right here, than forever with you

My eyes, my eyes
My eyes, my eyes
