[ad libs for first 22 seconds]

[Immortal Technique]

Immortal Technique, Poison Pen

Swave Sevah motherfucker (get 'em right now!)

I leave government spies and murderers  
wrapped in plastic like Dominican furniture  
I put the iron in you, like the center of Earth's curvature  
And make your block turn into the, border of Serbia  
My flow's dirtier than juiced-up players in baseball  
And beat you in the head like a sock with an 8-ball  
You got Stockholm Syndrome, and that's why I hate  
y'all  
Cause you be biggin up the industry while they rape  
y'all

[Poison Pen]

Yeah, I spaz out (spaz out) and beat the shit out niggaz  
You fag out (fag out) and beat the jizz out niggaz  
Gloves (check) ski mask (check) duct tape (check)  
Get a ducat and lost and recovered and break neck  
Bed-Stuy, BestBuy, clique and rush the {?}  
Rip up the pavement, throw the whole block on you  
Pop up, you gotta get it  
Like Ricky in "Boyz N the Hood," stoppin to scratch a  
lotto ticket

[Swave Sevah]

Yo, I feel the sudden surge given me the urge to speak  
(yo what up?)  
Scream somethin that's absurd and disturb the peace  
(fuck y'all!)  
Quick to throw a hot verse to beats  
You see the music I'm a prisoner, hip-hop is my work  
release  
I'm not the same Swave you knew, I'm a whole new  
person  
More assertive and aggressive, my attitude worsened  
I raise hell on this earth  
Your rap is over, you Casanova's gon' end up like  
Gerald Levert, bitch!

[Chorus: Immortal Technique, Poison Pen, Swave Sevah]

[I.T.] Stronghold tighten the grip, on the underground

[P.P.] I fight back-to-back holdin my brothers down

[S.S.] You done started, with the wrong motherfucker  
now

[I.T.] Married to the cause and we loyal, we don't fuck  
around

[P.P.] Stronghold overthrow the whole fuckin  
underground

[I.T.] Secretly run, by commercial motherfuckers now

[S.S.] So while you little step-and-fetch niggaz run  
around

[all] Controlled demolition, we bringin the structure  
down!

[Immortal Technique]

Immortal Technique nigga, I'm the type to flip  
Cause me and my dogs fight to the death like Michael  
Vick's

And I don't hit women so I'm not gonna mangle your  
wiz

A prostitute with an AIDS race'll handle the biz

[Poison Pen]

Hit the block with a pen and glock, a ox and rocks, a  
devil spray

If that's a K, play yo' punk-ass infected with leprosy  
Leave you half-murdered beyond, recognition beat and  
indecent

Leave you with your plastic surgeon for a remix

[Swave Sevah]

Yo, aiyyo I'm hard-bodied with it

And these scars, contusions, concussions, fractures  
and pains you suffer from; I probably did it

You ain't worth spit, I put a hit out on your mother

Then fuck up you and your four brothers

[Immortal Technique]

You play Scarface when a microphone's in the room  
But you more like Pacino in "Dog Day Afternoon"

[Poison Pen]

ASCAP clappin 'em, all this rap traps

Snatch that diamonds off your neck, worth 50 dead  
Africans

[Swave Sevah]

Yo, this dude is truly a joke

That stuff got you feelin tough, must be sniffin

+Peruvian Coke+

[I.T.] We spit Cold War syndrome, it shatters the bones

[P.P.] Spray my dependance on your bitch face when it  
splatters you on

[S.S.] Thrown in submission holds and choked 'til you  
tap out

[I.T.] And shut down your party like Whitney Houston's  
crackhouse

[P.P.] Stronghold, live and direct up in your set

[S.S.] The habitual line steppers - Swave, Pen and Tech

[Chorus]

[ad libs to the end]
