New Roads they unfold, break bones and crush souls
Come right up to my door
First im gonna kick a hole straight through the

Rising above, have I had enough
But I take so much more
First im gonna kick a hole straight through the floor.

Well I know where im from,
soon saying so-long
Its okay got control,
living with the demons called them rock and roll

And then my chips start falling
Cus I've gambled them away
But it all means nothing anytime I wanna start a new
game

And we'll sit and watch the sunset
And you'll know that it's a safe bet
Look looking pretty looking well kept
I'm just sending out a rain check oohhh.

Dead ends I've been down
Dirt roads, under towns
I've sold wisdom, I've sold lies
Guess I'm gonna kick a hole straight through the sky
And then my chips start falling
Cus I've gambled them away
But it all means nothing anytime I wanna start a new
game

And we'll sit and watch the sunset
And you'll know that it's a safe bet
Look looking pretty looking well kept
I'm just sending out a rain check oohhh.

New Roads they unfold, break bones and crush souls
Come right up to my door
First I'm gonna kick a hole straight through the..

Well I know where I'm from,

soon saying so-long
Its okay got control,
living with the demons called them rock and roll
Rock and roll
Rock and roll
Rock and roll
Living with the demons called them rock and roll.
