"Back To Me"

I can't hold this in my hands.
There's a feeling I don't understand.
The sun and the moon bleed only you.
I'll make seconds count, when I'm with you.

Lying alone I feel you all around me.
I'd beg all day so you could surround me.
You're every word in every song that I hear. Every
touch, every smile, every laugh and all my tears.

Love can't save you but I will try.
There's something in those eyes I won't deny. Fate tries
to take you from me But you always make it back to me.
You give me years but I don't want your time. Call it
yours, it's already mine. I never knew a broken heart
would ever heal. You're under my skin. You're all I feel.

Love can't save you but I will try.
There's something in those eyes I won't deny. Fate tries
to take you from me But you always make it back to me.

Back to me, Back to these arms, Where you need to be.
Back to me, Back to these arms, I need you with me.
