Pretend I'm the sun.  
Pretend I'm the stars in your sky.  
Maybe the universe was in my eyes.

Tell me I'm beautiful,  
I know it's a lie.  
Maybe the universe was on our side.

I know that you need me, know when you hold me, so  
afraid to leave me. Did I let you go? For all I know,  
you're already gone.

You said I'm the one.  
I'm the wind passing you by.  
Maybe the one helping you realize.  
I'm not the path  
just a fork in the road.  
Maybe this time you'll leave on your own.

I know that you need me, know when you hold me, so  
afraid to leave me. Did I let you go? For all I know,  
you're already gone.  
I'll keep you in my heart. I'll be here but oh, so far. I'll  
keep you on my mind. It's not our time.

I know that you need me, know when you hold me, so  
afraid to leave me. Did I let you go? For all I know,  
you're already gone.
