Blowd Yo fo sho (yep)

In the club like, in the spot light
High fashion, cameras flashing
I'm a actress, it's a movie
Put on your glasses, I'm in 3d

I'm a pretty girl (swag) your a pretty bog (swag)
So ghetto, you already know
European, middle eastern
Throttle from the bottle just put it in my mouth

So unforgettable So unforgettable So unforgettable So
unforgettable
So unforgettable So unforgettable So unforgettable

In the bed like, get your mind right
Less you do wrong, with the lights on
On the mattress, I'm an actress
Can you imagine

I'm a get it girls
Go go get it boy
So ghetto, you already know
European, middle eastern
Throttle from the bottle just put it in my mouth

So unforgettable So unforgettable So unforgettable So
unforgettable
So unforgettable So unforgettable So unforgettable
