Between the color of this moment
I fail to stop the hands of time
I lay to rest, where am I going?
I've come this far to change my mind

I know there is no lie to break
I know that I have made mistakes

Beneath the symbol of my conscience
I stand alone for what is right
My body heals that once was broken
I make amends to cure my sight

And I will never look away
And I will face another day

I'm not the same man
I'll never break that vow again
I'm past the pain
'Cos I'm not the same man

Surrounded by a code of silence
There comes a time to turn the page
And I won't give my soul to no one
Now is the time to come of age

I'm not the same man
I'll never break that vow again
I'm past the pain
'Cos I'm not the same man

I'm not the same man
I'll never break that vow again
I'm past the pain
'Cos I'm not the same man

I'm not the same man
I'll never break that vow again
I'm past the pain
'Cos I'm not the same man

I'm not the same man

I'll never break that vow again
I'm past the pain
'Cos I'm not the same man

Same man, same man
I'm not the same
I'm not the same

'Cos I'm not the same man
