You're truly aware of life when you're confused,  
So being this lost proves that I need you.

"A problem halved" you said " is a problem shared",  
I saw right through these words,  
But at least you cared.

But I don't want to talk now, why can't you see?  
I just want to lay here, you lost in me.

You hold my hand now,  
Reach out for me.  
You need me more now  
How can that be?

But I don't want to talk now, why can't you see?  
I just want to lay here, you lost in me.

But I don't want to talk now, why can't you see?  
That I don't want to lay here, now you're lost to me.
