Running full speed in opposite directions,
Tearing our lives apart.
You need someone like him, as much as me,
Shame we wanted each other so badly.

You say she's Beautiful
Then walk away
You say she's Beautiful
But you can't stay
You say she's Beautiful
So that's okay
But show me what this beauty she possesses has given
her today.

Heart of linen, mind of steel - a compromise
Broken down I'm so sick of writing about you now.
Judge it right, yeah judge it right and you will find your
piece of mind,
So glad I left you behind.
You say she's Beautiful
Then walk away
You say she's Beautiful
But you can't stay
You say she's Beautiful
So that's okay...your trophy to hide from day.

So watch her beauty rise and fade away,
Seasons of compromise destroyed her faith
But its okay because you all say
You say she's Beautiful
She's Beauty
Its not okay

Well show me what this Beauty she possesses has
given her today.
