There?s no use tryin to hide it from your eyes
There?s no need in wearing a disguise
For you see in me a lot of Pharisee
Now I?m tryin to be as honest as I can

And I?ll go down seven times
A tree I?ll even climb
I?ll even tear the roof off
Lord just to get to you
And I?ll get down on my knees
At the foot of Calvary
And declare so openly
This time Lord I?ll serve you honestly

I always lived a life with just pretend
A plastic heart inside with no peace within
And now I step out from the dark
Dear Lord I?ve opened up my heart
Revealing all my secrets in sin

And I?ll go down seven times
A tree I?ll even climb
I?ll even tear the roof off
Lord just to get to you
And I?ll get down on my knees
At the foot of Calvary
And declare so openly
This time Lord I?ll serve you honestly
Yes, this time Lord I'll serve you honestly
