She holds him close her baby son  
As wise men view the Holy One  
So amazed at what she's done  
and she cries  
She draws Him gently to her breast  
His tiny hands caressed  
Not knowing just why she was blessed  
and she cries

Chorus One  
She cries with tears of joy  
The waiting now has passed  
She holds here baby boy at last  
and she cries

She sees three crosses on a hill  
She knows it was the Father's will  
So struck with grief  
her heart stands still  
and she cries  
And there upon the mountainside  
Her disbelief she cannot hide  
As her own son is crucified  
and she cries

Chorus Two  
She cries with tears of pain  
The darkest days she's ever known  
How could they leave him here alone  
and she cries

Another time another place  
She looks upon the Master's face  
The sorrow gone and all the pain erased  
So amazed how this could be  
But how it's all clear to see  
She bows before His Majesty  
and she cries

Chorus Three  
She cries with tears of joy

The waiting now has passed  
She holds the risen king at last  
And she cries with tears of joy  
And now there'll be no more goodbyes  
He wipes the tears from her eyes  
and she cries

She cries... Mary cries
