He lies awake there all alone most every night  
Looking back on all of his mistakes  
Wishing through the tears that he could just go back  
'Cause there's a lot of things he'd like to change  
He just can't forgive himself and forget  
Even though God already did

If He can love someone and find the good within  
In spite of what they've done, no matter where they've  
been  
If He can let it go and set the debtor free  
If He can keep forgiving you and me  
Why can't we

There've been times I've been so hurt by someone else  
I didn't wanna give a second chance  
I let all the bitterness take control  
And took grace into my own hands  
But even Jesus said, "Whoever's done no wrong  
Let him throw the first stone"

If He can love someone and find the good within  
In spite of what they've done, no matter where they've  
been  
If He can let it go and set the debtor free  
If He can keep forgiving you and me  
Why can't we

He was hated and rejected, betrayed by those He  
trusted  
Even hanging on the cross, He said, "Father, please  
forgive them"

If He can love someone and find the good within  
In spite of what they've done, no matter where they've  
been  
If He can let it go and set the debtor free  
If He can keep forgiving you and me  
Why can't we
