Run to the highway

What does he want, what do I want
'Cause we're so unhappy together
We can pretend, waste another month
But I know we'll still be no better, oh

It's been three years, almost a lifetime
Time to move on, forecast's forget him
Always taking, he never gave life
I can't stand still when I'm bored to tears, oh

[Chorus]

So run to the highway
Singing, oh, oh, oh
Sure to find our futures
Singing, oh, oh, oh
'Cause we can't get out of our heads
We just can't get out
'Cause we can't get out of our heads
We just can't get out

Little mind games, Simon says stop
We swear innocence, we hurt undercover
You say nothing, I know you too well
You tried so long just to keep me down, oh

[Chorus]

So run to the highway
Singing, oh, oh, oh
Sure to find our futures
Singing, oh, oh, oh
'Cause we can't get out of our heads
We just can't get out
'Cause we can't get out of our heads
We just can't get out
Can't get out

Just forget him, whoa, whoa
I don't need him
Just forget him, whoa, whoa

I don't need him

[Chorus]

So run to the highway

Singing, oh, oh, oh

Sure to find our futures

Singing, oh, oh, oh

'Cause we can't get out of our heads

We just can't get out

'Cause we can't get out of our heads

We just can't get out

Can't get out, we can't get out

Can't get out, we can't get out

Can't get out, we can't get out

Can't get out, we can't get out

Can't get out, we can't get out

Can't get out, we can't get out

We just can't get out

We just can't get out
