I don't wanna lie to you
And hope for the best
I don't want anything to do with this
If you wanna go down, you can
So just stop holding
If you wanna go down, you can
So just stop holding, holding

If that little b*tch comes
To take you away
I'll do everything I can
To make you stay
I know it's not the truth
But this is true
But I'm just so cool
I know it's not enough to back you up
I will keep it in the dark and show you up
I know it's not the truth
But this is true
And I know you'll take
My heart out
My heart out
Just don't go there
Just don't go there

I don't wanna wait in vain
For the morning to come
I don't mean to blame on you
Just for fun
If you wanna go down, you can
So just stop holding
If you wanna go down, you can
So just stop holding, holding

If that little b*tch comes
To take you away
I'll do everything I can
To make you stay
I know it's not the truth
But this is true
But I'm just so cool

I know it's not enough to back you up
I will keep it in the dark and show you up
I know it's not the truth
But this is true
And I know you'll take
My heart out
My heart out
Just don't go there
Just don't go there

I can't get enough of this anymore
You don't say!
I can't get enough of this anymore
I can't get enough of this anymore

If that little b*tch comes
To take you away
I'll do everything I can
To make you stay
I know it's not the truth
But this is true
But I'm just so cool
I know it's not enough to back you up
I will keep it in the dark and show you up
I know it's not the truth
But this is true
And I know you'll take
My heart out
My heart out
Just don't go there
Just don't go there
My heart
My heart
Just don't go there
Just don't go there
