I'm holding all nightmares  
And I'm cradling the pain  
But nobody cares enough  
To push the dark away

I lie awake  
I lie awake  
I lie awake

Somebody help me, I,  
I wanna come back again  
I wanna feel whole again  
I wanna feel something

Tonight's fears die upon  
the pillow in my face  
One for calm  
One for cure  
And one to just... downplay

I lie awake  
I lie awake  
I lie awake

Somebody help me, I,  
I wanna come back again  
I wanna feel whole again  
I wanna feel something

Oh and you know  
Oh and you know  
I feel nothing

Oh and you know  
Oh and you know  
I feel nothing

Somebody help me, I,  
I wanna come back again  
I wanna feel whole again  
I wanna feel something

Somebody help me, I,  
I wanna come back again  
I wanna feel whole again  
I wanna feel something

Sleep, repeat, trace  
Bury me, I  
Sleep, repeat, trace  
Bury me

Sleep, repeat, trace  
Bury me, I  
Sleep, repeat, trace  
Bury me
