When you break and you look for me
It's so low, it's so low
Say you need me, I don't agree
It's so low, it's so low

The night's we spent out
I was never on your arm
Playing aces
Someone else's lucky charm

Now you want all of my attention
Now you want all the best of me
Trying to break down my defenses
But my heart's just for me

Saying sorry won't reconcile this
All you did was just let me down
Send me letters and nineteen roses
What's that supposed to mean?

It's never enough, never enough, no good
Never enough, never enough, it's too late

Breathe me deeply, I'll make you joke
No going back, no going back
And now it's over, it's just a joke
No going back, no going back

The night's we spent out
I was never on your arm
Playing aces
Someone else's lucky charm

Now you want all of my attention
Now you want all the best of me
Trying to break down my defenses
But my heart's just for me

Saying sorry won't reconcile this
All you did was just let me down
Send me letters and nineteen roses

What's that supposed to mean?

It's never enough, never enough, no good
Never enough, never enough, it's too late

Every time, that you lie awake, lie awake
I keep on screaming that it's just too late, just too late
It's just too late

Now you want all of my attention
Now you want all the best of me
Trying to break down my defenses
But my heart's just for me

Saying sorry won't reconcile this
All you did was just let me down
Send me letters and nineteen roses
What's that supposed to mean?

It's never enough, never enough, no good
Never enough, never enough, it's too late
