I can see that we'll mean everything to each other  
I'll give you ten out of ten for patience  
Last night, that's right  
You didn't wait for me to show you what I mean  
You flatten the hell right out of me

And you were boring me  
But I couldn't take eyes away from your face  
And I know I'll make something out of nothing

[Chorus]  
I'm only one step away  
I know my feelings won't change  
And I'll make something out of nothing of you  
Oh, the fool you make of me  
Oh, the fool you make of me

I know you won't mean anything to me 'cause I'll forget  
you  
If I'm walking out, you're coming too  
Last night, that's right  
You didn't wait for me to show you what I mean  
You flatten the hell right out of me

And you were boring me  
But I couldn't take eyes away from your face  
And I know I'll make something out of nothing

[Chorus]  
I'm only one step away  
I know my feelings won't change  
And I'll make something out of nothing of you  
Oh, the fool you make of me  
Oh, the fool you make of me

I will follow you  
I will follow you  
Dreaming up my perfect presence  
Better in my head, I'll leave it  
Oh, the fool you make of me  
Oh, the fool you make of me

[Chorus]

I'm only one step away

I know my feelings won't change

And I'll make something out of nothing of you

Something out of nothing of you
