Old school lac that's pimpin mane,  
Got the diamonds in the back, that's pimpin mane  
Let your meat rack a flow, that's pimpin mane  
If you quick to break a hoe, that's pimping mane  
Old school lac that's pimpin mane,  
Got the diamonds in the back, that's pimpin mane  
Let your meat rack a flow, that's pimpin mane  
If you quick to break a hoe, that's pimping mane  
That's p.l.m.p. bout the m.o.n.e.y.  
Buck wild all about that money  
All my niggas straight drop chop for the paper, hoe  
That's p.l.m.p. bout the m.o.n.e.y.  
Buck wild all about that money  
All my niggas straight drop chop for the paper, hoe

With the block one time that I bend the curbe  
Lookin for the pop was a light the herb  
Yeah I'm drinking and driving, I like to swerve  
Trap house jumping, I like to serve  
Keep I got my hoes working, love to pimp  
Might see me in the jag but I love the m  
Set the twins in the back like government  
Like I set the hoes up with some double date  
So I take em all down to the W  
Hop about all that most smoke a blood or two  
Now I'm bout to let you know what I wanna do  
Watch you rub on her while I rub on you  
It's a rendez vous, a menage a trois  
Got 2 girls ripping off my draws  
One on my dick, one on my balls  
Bout to ski, ski, ski off in the jaws  
It's p.l.m.p, it's mister v.l.p.  
I'm blowin on that og, making money where them  
hoes be  
Keep my bi low key, s.m.k.a, the know me  
I keep it real like brother oneil, and pimping hoes like  
jody

Black up a nigga, ... this real life  
Niggas just came from bte  
Niggas out there still sippin the spray

Young runaway, I'm with a runway model  
Fresh like I'm fresh off a wrong way pot  
Said I'm too parlor, flippin through dollar  
Work a whole scholar

Breaking my model, sippin my syrup by the barlor  
Taller, chad in the fresh, give a bitch no riff  
Fuck her whole mind, she don't get no sex  
Give her head to hell, and don't get there ...  
Bitch in the back, she ain't foreign she ain't worry  
Ride in the front, roll my blunt  
Give a pimp some of that mouth that she want  
Coming off hard like ball like g  
All these broads they calling me  
And all these gangs they came from the cator  
...stunt on them fools and molly  
On my show my rollie  
Got pimp and my blood too shout it  
Walk right in but walk on timber...
