Oh oh oh  
Stupid Robots  
Oh oh oh  
Listen

Girl you can be my super goal  
And you looking stupid cool in that dress that you wore  
with the high-tops on  
Pretty impressed cause I rolled in the Maybach  
But maybe we should skate sometime  
Or go up on a date sometime  
Cause whatever you want we could shop for it now  
At the bottom we can go up to the top for  
New York City we just chilling on the top floor gold  
iPhone and I'm hoping that you got yours  
Cause baby you're my precious  
Said you wanna surf we could go and get some lessons  
Take you to Hawaii call villain, get some sessions  
And that's the clique, no question  
Don't do well with first impressions I'm the freshest  
I opened up like all your presents  
Girl this is a life so just come and join this essence  
Seen those dresses in your bag

We can chase the sunset  
Stare into the moonlight  
Let's dream of a love  
That lights up the sky

We can chase the sunset  
Wake up to the moonlight  
As long as you're here  
I can stare in your eyes

As I'm looking through a peephole  
Girl I'm like a movie and I'm waiting for my sequel  
And it's you and please don't listen to these other  
people  
Cause all they do is hate but they say that love is evil  
and it's true  
And you're not one of them girls that I see up at the

school

You the girl at the party wearing see through in the pool  
And I like you living life up on the edge  
Be hanging in the light till there's some life up in this  
bed

If you aiming all those shirts that you be wearing they'd  
be scaring me

It's feeling like you touch 'em and you tear 'em but  
apparently these jokers just don't care

And everybody there was staring

Gee, you just kept on laughing, living life like it's a  
parody

But I'm bout to kill them

Give it to 'em all, rocking shorts in the summer, rocking  
denim in the fall

And imma roll up with my friends in the Benz when you  
call

Cause we're chilling in your Beemer but the fans want  
to ball

Misfits

Rep

We can chase the sunset

Stare into the moonlight

Let's dream of a love

That lights up the sky

We can chase the sunset

Wake up to the moonlight

As long as you're here

I can stare in your eyes

We can chase the sunset

Stare into the moonlight

Let's dream of a love

That lights up the sky

We can chase the sunset

Wake up to the moonlight

As long as you're here

I can stare in your eyes

This love is like a fairytale that's very well written

Soft lips

Scary thrill if I ever be forgiven from this

Fresh love cause fresh love is the best love

The type of love where you can't even imagine your  
next love if there is one

There must be something you like at this age

All fun and games 'til the kids come

But baby what's your wish?

Ever since our first kiss, my mom's been dreaming a  
wish  
We're together now  
I don't care who you been with  
This love isn't a myth  
So come and chase the sun and in my heart you'll  
always live  
And just know I'll always tell you what it is

We can chase the sunset  
Stare into the moonlight  
Let's dream of a love  
That lights up the sky

We can chase the sunset  
Wake up to the moonlight  
As long as you're here  
I can stare in your eyes
