Dear Princess, Dear Darling
I promise I'll be your prince charming
I know that you want the perfect wedding
You deserve a starry beginning
You deserve the best baby
oh, yeah, yeah,
So where you wanna go
I can take you there

We can fly across the globe baby don't be scared
Don't be scared, baby don't scared no no
You deserve a story book ending
{fairy tale, fairy tale}
You deserve a story book ending
{fairy tale, fairy tale}
Let's take a ride
Let that air hit
Look at my eyes
