Some would say that I was lost,
Would someone tell me if I'm lost cuz I'm lost,
If you saw us you should see us in the stars,
Spittin' bars with my dogs sippin' rose,
Stay fly at all costs,
And I'm not one to get involved,
Imma kick it then I'm off,
Imma slip it in your draws,
I don't care about the laws I spit bars get tossed,
Joker imma boss so hit soft my lift off,
Not even from this planet,
They won't understand it till they see me vanish
I put you jokers in panic,
You can't admit it don't catch my plane cuz it landed
I'm sorry where are my manors like,
(ahhh)
Ima give you a breathe of that anxious see young kid
taking a step,
Cuz my chest gets heavy when you be rappin the rest,
When you gon' spit the real cuz ima give you what's left
of,
Me and these jokers that never finish me,
Give em' all my energy they too caught up in
Hennessy,
Well I'll be keeping my dignity and everytime you
talking you jokers never gon' mention me,
My my steeze is one hundred degrees,
Said he at the school getting D's,
I do it with ease,
MSFTS read it on our tee's and we bout to make it
happen like you just wouldn't believe like jheeze'

(Chorus)

Tell me who's all ready to go?
Who's all, ready to go?
Higher up, higher up I say higher up.

Tell me who's all ready to go?
Who's all, ready to go?
Higher up, higher up I say higher up.

Uh,
Don't let nobody know,
But my clique covers like ghosts,
Chillin' in the rolls,
Keep foes close enemies closer,
Wear the same clothes everyday like you suppose to,
I'm just a kid who's not really a kid,
Who told some really bad fibs it's hard to forgive,
Man I'm sorry Mom and Dad,
I'm jus tryna live,
Tell them bloggers if they see me get out of my bus-
iness,
What is this MSFTS they rich kids,
I spit the quickness I beat you it's only physics you
wan't this stuff and I live it,
I live on the moon, can visit,
Your cliché description I'm sorry dog I don't get it,
I'm different,
Dog,
I wear dresses I'm not upset you don't mess with my
style cuz this stuffs aggressive I,
Keep it reckless no diamond ring or a necklace,
So why you jokers keep hatin'
I write myself on the set list,
I don't care that I'm not accepted with who you thinkin'
is "cool" or who be rappin' the freshest,
I'll always just be neglected.
Dang,
Man I make this music for y'all,
and
no one really messes with me like that but like,
who needs em'

Tell me who's all ready to go?
Who's all, ready to go?
Higher up, higher up I say higher up.
Tell me who's all ready to go?
Who's all, ready to go?
Higher up, higher up I say higher up.
