It's ..  
It's been a.. it's been a second since I saw you  
And uh.. when I get my own place I guess we're  
Gonna cake it again but..  
I don't really know  
What's right for us cuz..  
Mateo is tryna..  
I mean we're all kinda a mish  
We're all that's happened for and I'm not  
Saying that..  
I'm begging for your bag that is

I'll drop this on our anniversary  
Half of your friends ain't even heard of me  
They know me as a kid.. that's more clothes than  
the curtains be  
You want me back, well that's working out perfectly  
Your lips are just so perfect and it hurts to be the kid  
that broke your heart  
It's not on purpose man  
I've done this since the nursery  
Do you like me? Well certainly  
And if she falls in love  
And it's kinda like a curse for me  
I don't say this stuff with certainty  
I just wanna have fun  
There's no need for all the urgency  
Cuz these ladies always burning me  
I'm learning every time that I'm concerned  
it's an emergency  
But girl I'd rather go emergencies  
And feel your body cuz I know you're been in  
surgery  
Girl it's been a while so now I know that you're  
sure with me  
So come and take my hand  
Cuz I wanna be the first to be with you

Broken hearts that drown in underwater  
Hoping I bring em up to sunny ground  
Tryna swim ashore but it's getting so much harder

Knowing that the one I love is not around

Sheâ€™s not around  
Sheâ€™s not around me  
Sheâ€™s not around  
Sheâ€™s not around me  
Sheâ€™s not around  
Sheâ€™s not around me  
Sheâ€™s not around  
Sheâ€™s not around me  
No, sheâ€™s not around

I think Iâ€™m liking some of those  
But I donâ€™t wanna hurt you so Iâ€™m right here by  
myself  
And I think that Iâ€™m gonna search you on the social  
media  
Giddy up, straight meeting up  
Chilling with your sister  
Bout to text, you say I miss you but..  
A jokerâ€™s talking with his sister  
Cuz now I got you mad bout them numbers that I picked  
up  
But I ainâ€™t even messing with nobody  
Chest is heavy, I ainâ€™t been confessing to nobody  
Man you know they know we broke a thing  
Like we see their body  
This girl told me, she said texting meâ€™s a hobby  
And of course Kennedy mad  
Man she mad all the time  
Like all my enemies mad  
Sheâ€™s so mad, she probly tend to be mad  
But itâ€™s really sad for your oldest friend to be sad  
But at least I said all my goodbyes  
So she has a bit of closure in the pillow when she cries  
But Iâ€™m sorry

Broken hearts that drown in underwater  
Hoping I bring em up to sunny ground  
Tryna swim ashore but itâ€™s getting so much harder  
Knowing that the one I love is not around

Sheâ€™s not around  
Sheâ€™s not around me  
Sheâ€™s not around  
Sheâ€™s not around me  
Sheâ€™s not around  
Sheâ€™s not around me  
Sheâ€™s not around  
Sheâ€™s not around me  
No, sheâ€™s not around

Tell me if itâ€™s too much  
Tell me if itâ€™s too much  
Just tell me if itâ€™s too much  
Tell me if itâ€™s too much  
Girl just tell me if itâ€™s too much  
I got you if itâ€™s too much  
You can take it off if itâ€™s too much  
Just tell me if itâ€™s too much  
We donâ€™t gotta do much  
Tell me if itâ€™s..

If itâ€™s too much  
Then Iâ€™ll just hold you and unfold you til I can find  
the old you  
And we were so connected  
I probly see so intected, my thoughts are getting so  
hectic  
Words carefully selected  
Teens love each other so reckless  
I couldnâ€™t see where my head is  
Is it too much?  
Cuz if it is we can take our broken hearts right up the  
stairs  
Ignorin all our peers  
We hide the fact that we some secret lovers  
But we show it all, weâ€™ll be under the covers  
Baby girl cuz..

If itâ€™s too much  
I got you if itâ€™s too much  
You can take it off if itâ€™s too much  
I got you if itâ€™s too much, if itâ€™s too much

If itâ€™s too much Iâ€™ll put my hand right down your  
face and make it to your waist  
Baby girl cuz if itâ€™s too much  
People have nothing to chase  
Only if they have no space  
Baby girl cuz this is too much  
So my lips is what youâ€™ll taste  
And if itâ€™s too much  
We gon do it how we did it  
Up on zoomer baby girl  
But is it..?

Too much  
This is too much  
Baby is it too much?  
Is it too much? Tell me if itâ€™s too much  
Baby is it too much? Tell me if itâ€™s too much

Tell me if itâ€™s too much  
Tell me if itâ€™s too much  
Donâ€™t be worried when itâ€™s too much  
Just tell me if itâ€™s too much  
Tell me if itâ€™s too much  
Tell me if itâ€™s..  
Tell me if itâ€™s..  
Just tell me if itâ€™s too much  
Tell me if itâ€™s..  
Cuz I got it if itâ€™s too much  
We can take it if itâ€™s..  
Girl just tell me if itâ€™s too much  
Letâ€™s spend a couple weeks  
So we got it if itâ€™s too much  
Tell me if itâ€™s too much  
Tell me if itâ€™s..  
Girl just tell me if itâ€™s too much  
Tell me if itâ€™s too much  
Too much  
Girl just tell me if itâ€™s too much  
Itâ€™s too much
