Okay, this is an intellectual,
idealistic, impractical, unrealistic, yet pessimistic
article

Okay, you fucking cunts
What's all the hype about?
The topic of conversation
Fools can't keep their boot lips shut, speaking in
persuasion
The Asian girls don't like me much my tongue can't go
to the side
If your woman said she ain't been here, she probably
lied

Oh, and so not to get off topic, I've been hearin' loads
of shit
About some scumbag white trash piece of dick actin'
like he knows this
Actin' like he don't know I show his girlfriend's tits on
the Internet
[haha] I did

Ain't you got nothing better to do?
Wait, nevermind, here's your sign,
any kind, got the time, wanna see why I'm fly unlike
you?

I don't see the point to be actin' like a wiener fool,
wiener fool, wiener fool. Yeah i dont see the point
to be actin' like a wiener fool
Middle aged, middle school, grabbin' your wiener, fool
Pissin in the pool
Tryin these experimental simple greens
Just to be cool, breakin' all the rules, rules, rules
Fools gotta get big, gotta get used,
shootin' up spoon residue with Blue Clues, whose
clues? Your clues?
My clues? My crew's clues?
Blacks? Jews? White dudes? Huey Lewis and the News,
dude

Ain't you got nothing better to do?
Wait, nevermind, here's your sign,
any kind, got the time, wanna see why I'm fly unlike
you?

Got that shit talking, shit walking, cock blocking, pill
popping
Sorry excuse for a human
Stalking your fucking hiding girlfriend in the morning
[haha] Good morning

So spend less time hating
Get that dude participating to shove it up his ass
Caught on webcam masturbating
4 in the morning and he's still kinda draining
The sap from his skull hardly saying anything, anything
at all.
