I think I'm losing my sympathy  
I need a friend, a shoulder to lean on again  
I felt the pain almost instantly  
I can barely breathe  
It's choking the life out of me

In the car, through the rain  
Try to tune in again  
Where I go, Heaven knows  
Cause I can't get away

Every song on the radio  
Paints a picture of me  
So hard to believe  
And every note  
Every word they wrote spelling  
I don't have you  
Anymore

Afraid the silence will bring me down  
I do anything to shake off the feeling of need  
I'm getting deep and I'm breaking ground  
But I drive alone  
The road ain't a comforting sound

In the car, through the rain  
Try to tune in again  
Where I go, Heaven knows  
Cause I can't get away  
Every song on the radio  
Paints a picture of me  
So hard to believe  
And every note  
Every word they wrote spelling  
I don't have you  
Anymore

Every last mistake I cannot erase  
Left me standing on my own  
Everywhere I looked  
Every turn I took  
Sent me right back to you

Every song on the radio  
Paints a picture of me  
So hard to believe  
And every note  
Every word they wrote spelling  
I don't have you  
Every song on the radio  
Paints a picture of me  
So hard to believe  
And every note  
Every word they wrote spelling  
I don't have you  
Anymore
