"Keep It On The Low"

Visit "[Keep It On The Low](#)" on MotoLyrics.com

Time's ticking I'm slipping
Watching all these moves I'm dipping
Wanna let myself go
So stop teasing hardly breathing
I can feel my pulse beating
Maybe we should take it slow

This feeling's so hot
I love what you've got
I don't wanna let this moment go
I love what you've got
Don't want you to stop
We should take it real slow
And keep it on the low
So slow real slow
Keep it on the low
So slow real slow

Crazy how you throw temptation
I can't deal with this sensation
Don't want to break the flow
Now this one on one attraction
Started up a chain reaction
Baby I'm about to blow

This feeling's so hot
I love what you've got
I don't wanna let this moment go
I love what you've got
Don't want you to stop
We should take it real slow
And keep it on the low
So slow real slow
Keep it on the low
So slow real slow

One touch I'm lost in desire
I feel my body's on fire
One move we're down on the floor
Don't leave me begging for more
One touch I'm lost in desire
I feel my body's on fire

One move we're down on the floor

Keep it on the low
So slow real slow
Keep it on the low
So slow real slow
Keep it on the low
So slow real slow
Keep it on the low
So slow real slow
