The flicker on the TV
Dinner on my own
Got your last words on my mind
If only you could feel me
Pick up your phone
And tell me I'll be fine

Cause every choice is a new mistake
Every turn every step I take
To escape from your memory
Seems impossible for me

I run away but I can't let go
I said I don't but I need you so
Every thought in my head says no
But I can't let go
And everywhere all I see is you
I don't care what I have to do
I'm a mess and it starts to show
But I can't let go
But I can't let go

Putting on my makeup
I'm going out tonight
With your last words on my mind
I wear the dress of our break up
And it won't feel right
Please tell me I'll be fine
Cause every choice is a new mistake
Every turn every step I take
To escape from your memory
Seems impossible for me

I run away but I can't let go
I said I don't but I need you so
Every thought in my head says no
But I can't let go
And everywhere all I see is you
I don't care what I have to do
I'm a mess and it starts to show
But I can't let go

I don't know how to get by
Seems like we can't make it alright
Never wanna say goodbye
I can't let go
So give me one more try
You're everything I need

I run away but I can't let go
I say I don't but I need you so
Every thought in my head says no
But I can't let go
