I don't know you anymore  
Not the man you were before  
You really got nothing to say  
As I'm walking out the door

Tell me it's your pride, that you're really dying inside  
I turn around one last time  
And it's like a bullet to my heart,  
Boy your silence it's so hard  
And you're even looking like you're sorry  
And it's tearing me apart  
You know I'm breaking down inside  
Won't look me in the eye  
And the silence's getting louder  
I'm searching for a sign

But I can't get a reaction,  
Looking for some emotion  
You got a blank expression  
Tell me there's something left inside  
Wish I could see right through you  
Let me know your hurting too  
But I gotta remember that  
Boys don't cry  
Boys don't cry  
Boys don't cry  
But I gotta remember that boys don't cry

Your a stranger in my house  
Just a shadow of yourself  
How could you be so cold  
Wish I could turn you inside out

Tell me it's your pride, that you're really dying inside  
I turn around one last time  
And it's like a bullet into my heart,  
Boy your silence it's so hard  
And you're even looking like you're sorry

And it's tearing me apart  
You know I'm breaking down inside  
Won't look me in the eye

And the silence's getting louder  
I'm searching for a sign

But I can't get a reaction,  
Looking for some emotion  
You got a blank expression  
Tell me there's something left inside  
Wish I could see right through you  
Let me know your hurting too  
But I gotta remember that  
(Remember that)

When you turn around I try to hide the pain in saying  
goodbye  
If you looked at me  
Then you'll be forced to see that  
You have torned my world down and it's killing you now  
Tired of hurting all along  
I wanna see you

But I can't get a reaction,  
Looking for some emotion  
You got a blank expression  
Tell me there's something left inside  
Wish I could see right through you  
Let me know your hurting too  
But I gotta remember that  
Boys don't cry  
Boys don't cry  
Boys don't cry  
But I gotta remember that boys don't cry

Don't cry  
Don't cry  
Don't cry  
Boys don't cry
