I wanna love him, can't leave him
And like a sugar rush, I need him
And every time I can't see him
All I think about is me and him
Sweeter than candy, you make my bed rock
They say you're bad for me boy, but I just can't stop
Boy don't break my heart again
Please don't break my heart again
How can something so sweet be bitter?
How can something so good for me,
And bad for me at the same time
That's how I feel when I'm with him
So in love boy, we stuck
Gotta make it to the finish line
Sometimes he feels so amazing
But I'm still afraid he'll break my heart
I can't get rid of this craving
Even though it's tearing me apart
Sweeter than candy, you make my bed rock
They say you're bad for me boy, but I just can't stop
Boy don't break my heart again
Please don't break my heart again
And every time I can't see him
All I think about is me and him
I wanna love you, can't leave you
And like a sugar rush, I need you
And every time I can't see you
All I think about is me and you
Baby this time, it'll happen
Let's do things different, nothing like before
'Cause I ain't gonna be fightin',
screamin', cryin'
Losin' my sanity till there ain't no more
Sometimes he feels so amazing
But I'm still afraid he'll break my heart
I can't get rid of this craving
Even though it's tearing me apart
Sweeter than candy, you make my bed rock
They say you're bad for me boy but I just can't stop

Boy don't break my heart again
Please don't break my heart again
I wanna love him, can't leave him
And like a sugar rush, I need him
And I every time I can't see him
All I think about is me and him
I wanna love you can't leave you
And like a sugar rush, I need you
And every time I can't see you all I think about is
me and you
Oh boy, you got my love on luck
Hey boy, just put your heart on top
Nobody does it better than you, you, you
Promise me that you'll never stop
Cause nobody does it better
Sweeter than candy, you make my bed rock
They say you're bad for me boy, but I just can't
stop
Boy don't break my heart again
Please don't break my heart again
I wanna love him can't leave him
And like a sugar rush I need you
And every time I can't see him
All I think about is me and him
I wanna love you, can't leave you
And like a sugar rush, I need you
And every time I can't see you
All I think about is me and you
