### Verse 1:

So, caught in between  
What we have  
And what's really meant to be  
Can we get beyond  
What's in our past  
Without repeating history

### Pre-Chorus

Cause you'll always be my one and only  
No more cryin'...breakdown  
I keep coming back around  
Doin' what other guys just can't do for me  
So I'm hoping that you'll hear me now when I say

### Chorus:

When you hurt me,  
I can only take so much  
And when we break up,  
I'm still right here cravin' for your touch  
And when we're apart,  
Boy all I can think about is us  
And if we're invincible..  
Are we invincible??  
And I know we gotta get over the past  
And if we give it one more try ,  
Maybe this time we'll last  
And if can give me,  
All the honesty that I ask  
We'll be invincible..we'll be invincible

### Verse 2:

They say that what hurts,  
But doesn't kill  
That will only make you strong  
So after, all of the hurt  
That I feel  
Can we make we make a right from a wrong

### Pre-Chorus

Cause you'll always be my one and only  
No more cryin'...breakdown

I keep coming back around  
Doin' what other guys just can't do for me  
So I'm hoping that you'll hear me now when I say

Chorus:

When you hurt me,  
I can only take so much  
And when we break up,  
I'm still right here cravin' for your touch  
And when we're apart,  
Boy all I can think about is us  
And if we're invincible..  
Are we invincible??  
And I know we gotta get over the past  
And if we give it one more try  
Maybe this time we'll last  
And if can give me  
All the honesty that I ask  
We'll be invincible..we'll be invincible

Bridge:

Baby, you and I  
Are everything I think of like everyday  
I can't escape  
And I hope that we  
Can grow into a love that will never break  
From my mistakes

Chorus:

When you hurt me,  
I can only take so much  
And when we break up,  
I'm still right here cravin' for your touch  
And when we're apart,  
Boy all I can think about is us  
And if we're invincible..  
Are we invincible??  
And I know we gotta get over the past  
And if we give it one more try  
Maybe this time we'll last  
And if can give me  
All the honesty that I ask  
We'll be invincible..we'll be invincible
