Yeah

Yeah

Yeah

Yeah

Yeah

Yeah

Say what you want

Do what you like

But we both know the truth

Can't change the facts, of you and I

But you still do what you do

Keep tellin' them stories

To her and your homies

But that wouldn't make any sense

If I'm just a friend

If I'm just a friend

Why do I know what you lips feel like

If I'm just a friend

If I'm just a friend

Then my camera must be tellin' lies

If I'm just a friend

Then you must just be crazy baby

If I'm just a friend

Then you must just be crazy baby

Every night lit up my life

Texting my phone non-stop

Wherever I go

That's where you are

Never apart too long

Keep tellin' them stories

To her and your homies

But that wouldn't make any sense

If I'm just a friend

If I'm just a friend

Why do I know what you lips feel like

If I'm just a friend

If I'm just a friend

Then my camera must be tellin' lies
If I'm just a friend
Then you must just be crazy baby
If I'm just a friend
Then you must just be crazy baby

You act like I don't meet your standards
I'm not good enough to stand beside you, beside you
I wish the best of luck to your girlfriend
Probably been lying all about her to, about her too

If I'm just a friend
If I'm just a friend
Why do I know what you lips feel like
If I'm just a friend
If I'm just a friend
Then my camera must be tellin' lies
If I'm just a friend
Then you must just be crazy baby
If I'm just a friend
Then you must just be crazy baby
