Ahh Ahye Ahye Ahye

Verse 1:

I kept going through the motion, like a ship in a storm,
We were too deep in the sea, to just FALL.
And I'd never be a quitter; I believe I stood tall.
Only to wake up and find myself all alone. Yeah

Bridge:

Even though I knew we had some better days,
Yes I was sure we would get back to it, silly me,
Used to be so into you, now I can't wait to get over you,
I know I will but still, one thing is real...

Chorus:

You will remember my name, doesn't matter who's in
the picture,
When everything round you is different, one thing will
remain,
You will remember my name, I feel sorry for when it hit
ya,
But nobody else will differ, but then it'd be 2 late,
You will remember my name.

Verse 2:

I know you're hurting right now, while you have a smile
But you're the only person you're really letting down,
Cuz I knew once before you, true love won't run out
There's a guarantee you'll come back around.

(Bridge)

(Chorus)

Verse 3:

You can search the other side of the world,
I can promise that you won't fill the void,
Cuz I was so right for you, and your heart hurts you
Know it's true, keep running away, but you'll remember
my name

(Chorus) x2

Oh yeah remember my name x 4
