I was thinkin bout her, thinkin bout me
Thinkin bout us, whats it gonna be
Open up my eyes yeah, it was only just a dream
So i travel back, down this road
Hope she come back, no one knows
I realise, that it was only just a dream

I was at the top and it was lookin' at the basement
Number one spot she found her right placement
I swear now i cant take it, knowing somebodys got my
baby
And now you ain't around baby i can't think
Should put it down, should got that ring
Cos i can feel it in the air
Saw her pretty face from my fingers to her hair

My love
My life
My shawty
My wife
Gf
I'm tired
Cos i know it just ain't right

I was thinkin bout her, thinkin bout me
Thinkin bout us, whats it gonna be
Open up my eyes yeah, it only just a dream
So i travel back, down this road
Hope she come back, no one knows
I realise, that it was only just a dream

If you ever love somebody put your hands up
You all love somebody put your hands up
Now there gone you wish you could give them
everything
I said
If you ever love somebody put your hands up
If you ever love somebody put your hands up
Now there gone you wish you could give them
everything

I was thinkin bout her, thinkin bout me

Thinkin bout us, whats it gonna be
Open up my eyes, it only just a dream

I was thinkin bout her, thinkin bout me
Thinkin bout us, whats it gonna be
Open up my eyes, it only just a dream
So i travel back, down this road
Hope she come back, no one knows
It was only just a dream

I realise, just a dream
Just a dream x 8
