You won't be next I'm telling ya  
Might not die by twenty seven, yeah  
Forsake your brothers  
Give up on your lovers  
to get the things you think you need.

Sweet Talkin' Liar  
Is your world on fire?  
You can put it out if  
you just don't own to it

Well, this cafe was your second home  
You've got no choice but to be alone  
You made a fool of your own damn self  
Now you're out with lies to tell

Sweet Talkin' Liar  
Is your world on fire?  
You can put it out if  
you just don't own to it

Now you drink your whiskey  
and take your pills  
and call up sin-  
say you love her still  
but she won't answer  
You won't get the point

Sweet Talkin' Liar  
Is your world on fire?  
You can put it out if  
you just don't own to it

Well, I'm not a sinner  
don't wish you well  
but I can't reward  
the lies that you tell

You're a bully and a cheating man  
You could be a healer  
and you'll be telling yourself your songs

Sweet Talkin' Liar  
Is your world on fire?  
You can put it out if  
you just don't own to it

Sweet Talkin' Liar- just go.
