[verse 1: j. cole]

hey, her mind is on a different level  
plus the teachers couldn't reach her, always been a  
rebel  
hit the club, watch out boy, you dancin' with the devil  
she fuck, she suck, she swallow man, it's like a triple  
double  
can see it in your eyes, you look for trouble  
just because they fuck ya girl don't mean them niggas  
love ya  
she said, "don't preach to me nigga, hold up  
is that a bottle on your table, well if so then pour it up"  
"bet you i can drink it straight without even throwin' up"  
she said "daddy, what you think?", "little girl, you're  
growin' up  
growin up"

[hook]

hey, take a couple of shots and it's on  
"bet you i can drink it straight without even throwin' up"  
she said "daddy what you think?" "little girl, you're  
growin' up, growin' up"  
hey, listen baby girl they playin' your song

mama couldn't never reach her  
brother tried his best to teach her  
she thinks she's ready for the world  
just look at daddy's little girl (x3)

she's daddy's little girl, daddy's little girl, daddy's little  
girl

work you out, you call me daddy, ain't my daughter  
though  
make me wonder where your father go?  
she said, "don't analyze me nigga, hold up

is that green on your table? well if so then roll it up  
i can take it to the face without even throwin up"  
she said "daddy what you think?" "little girl you growin'  
up, growin' up"

[hook]

brother tried his best to teach her  
she thinks she's ready for the world  
just look at daddy's little girl

mama couldn't never reach her  
brother tried his best to teach her  
she thinks she's ready for the world  
just look at daddy's little girl (x3)
