'Til I'm rich, ain't no reason to settle nigga,
Its greed that make a nigga wink at the devil to get that
cheese,
You niggas couldn't think at my level, even with trees,
You couldn't get this deep with a shovel, now nigga,
please,
I'm chasing G's tryna throw some diamonds on them
freeze,
Sick shit, sneeze on some thousand-dollar sleeves.
Ease to the top and I'm not finna leave 'til I'm hot,
But my watch gotta breeze, a south nigga,
Boy, I'm shining without the diamonds in my mouth,
Out grindin' while you reclining on your couch,
I'm climbing, you haters blinded by the doubt,
My niggas ridin' is devout, so talking violence out yo'

And you gonna find what I'm about, nigga!
Far from a slouch, nigga, I ain't gonna parl
