[Talking:]

Hey It's Cole, Cole World

Yeah, turn me up n*gga

Hey hey

[Verse 1:]

Ay n*gga I'm the best, man!

As if my best-friend was getting married

Even with my eyes close I'm somethin like a visionary

Paint you a perfect picture n*gga this is pictinary

Man they gon' have to put my picture in the dictionary

Right next to real then put your picture next to fictionary

Claimin you trill but you all b*tches, all ya'll n*ggas

scary

Don't try to hide from it, oh boy we see you

Claim you gon' ride, oh no we don't believe you

Help wanted, Classified, you need more people

Hatin mind I pray to sign aye we are no equal

My life is like a movie, you like 3 or 4 previews

This the city where they glad to see your soul leave You

Ya body laid back like Neil so evil

Uh Cole World baby, 3 below zero

Get ya life snatch and ya vehicle repo

I bring it to ya live you goin see it on TiVo

[Chorus:]

And we on, we on, we on, we on

(N*gga, Cole world, Cole world n*gga, hey world)

[Verse 2:]
