G-shit

For everyone who thought I wouldn't be shit

Hey I go hard thats a known fact

Yup you know this

She get a dose and keep on coming back

Yup you know this

And tell the competition its a wrap

Yup you know this

Step out the whip and cause a heart attack

Yup you know this

Hey baby I'mma do it big (sup niggas)

Most anticipated

City on my back

Still these suckas hate it

We aint heard of that

Most anticipated

City on my back

Still these suckas hate it

Now we aint heard of that

A different Era

The diference here

Switched up the swagga

Shit its a different year

Still under rated

Still under fit

Still dont like rappers

Nigga get the fuck up outta here

I'm paranoid

I keep hearing voice they say Era dont be paranoid

Lookin in the future momma never knew a baby boy

Woulda been a leader I was eager to get pussy in the bleachers

I'm a tiger, not a cheater and >?<

Steriods on that track like fuck yo record and Im stompin

In and out your hood I throw it up like he in compton
