yadadi

hmmmm okay

It's not a mystery the life I have

It's been all on the news I can't hide my past

I done been in some trouble, committed some crimes

Been sentenced to prison had to finish my time

I'm just a man with a hell of a past

& the one thing I learned is to never look back

I used to love her she was all in my world

?????? i used to call her my girl

Used to do the boyfriend, not nothing new to me

Told her we would marry if she just stayed true to me

Showed her everything that life can vision

& lost her on a cold lonely night in prison

She used to promise She would hold me down

Now I'm searching for a new love to hold me now

& she got to be loyal. loyal & all

& her main goal in life is to spoil Jamal

Chorus

Would you be there by my side when times get hard?

Promise to hold me while my back against the wall?

I promise you, I promise you, I promise you I'll always  
be true

Would you be there by my side when these streets get  
cold?

When im lonely inside & theres no one to hold?

I promise you, I promise you, I promise you I'll always  
be true boy

She made a promise that she could not keep

& Now; she lives her life and it's without me

I found that every bird ain't as fly as the other

& every women ain't as fly as my mother

So now I just stick & move

See im a shining star now, I can pick & choose

I've been used, I don't like the feeling

& it left me with a certain dislike for women

Had me feeling like women was nothing

I love 'em but damn man I just can't trust 'em

I never said I was gon' be perfect,

but I promise on my momma that it's gon' be worth it  
So Im'a keep searching 'til i find miss got it good  
The girl go and she know what she got is good  
I learned a lesson & I made it a blessing  
So when I meet her Im'a ask her some questions

Chorus

Would you be there by my side when times get hard?  
Promise to hold me while my back against the wall?  
I promise you, I promise you, I promise you I'll always  
be true  
Would you be there by my side when these streets get  
cold?  
When im lonely inside & theres no one to hold?  
I promise you, I promise you, I promise you I'll always  
be true boy

If my life was'nt fly as it is  
If I had to hit the streets would you ride for Diggs?  
If it was'nt for this rappin' I'd probably be jackin'  
Could you promise to stay solid if that was the happen?  
I know you gettin' money & you promise to spoil me  
If I ever go to jail can you promise me loyalty?  
Now remember I done heard it before,  
so all them ficticious promises dont work no mo'  
I need a women who gon' stand for something  
who understand we made a plan without her man its  
nothing  
Safe against us our money is shot???  
& The mission was to get it,  
is you wit' it or not?  
[im wit it] Off tops I knew the answer to that  
But if I say Diggs or die you got a answer for that?  
[Diggs] See, now that's why I'm feeling you  
Enough of the small talk back to the interview

Chorus

Would you be there by my side when times get hard?  
Promise to hold me while my back against the wall?  
I promise you, I promise you, I promise you I'll always  
be true  
Would you be there by my side when these streets get  
cold?  
When im lonely inside & theres no one to hold?  
I promise you, I promise you, I promise you I'll always  
be true boy
