Tappin' my phone ?? they listen to my conversation
From Hub City to Brick City we bend out

Purpose to put holes in your back
Live by the facts

I keep to driving beneath my feet as I hang in curb
Hang with niggaz with too stripes that bang and serve
Blowin' a herb
Till they conversation is slug
Cookin' the thangs ?? throws and throwin' the bird
Diggin' my stash before the bitches shakin' their ass
