Night and day come what way  
You know that Iâm in love, babe  
Too much is not enough yeah

You are my darling angel  
You must be sent from up above  
Thanks for giving your love

Highflyer, Highflyer  
Heâs so really irresistible  
Highflyer, Highflyer  
Baby you light  
Up the sky, up the sky, up the sky

What about the long run  
We live only for pure fun  
Never felt so right babe

You are my darling angel  
You must be sent from up above  
Thanks for giving your love

Highflyer, Highflyer  
Heâs so really irresistible  
Highflyer, Highflyer  
Baby you light  
Up the sky, up the sky, up the sky
