I'm feelin' blue
Uh - uh - it can't be true
I got the message that you broke our vows
You ought to know
that I'm gonna show
Oh baby - I can do without you now
I will find another guy
Please don't beg - don't even try
Yesterday my heart was yours
Now I'm goin' to give it away

Oh shit - I love you
Ain't that a shame
I'm worried about it baby
Oh shit - I need you
Am I to blame?
you've stolen my heart then maybe

I've tried to be with another men
But I can feel it - it's you - u - u - u
Oh shit - I love you
Ain't that a shame
I'm gonna give up myself right now

O - u - o - u - o
O - u - o - u - o
I cannot erase this memory

I tried so hard
Uh - uh - you played a part
Just can't forget you and I'm not myself
It's all shook up
since that big breakup
My head is spinnin' 'cause it makes me mad
I just keep on asking why
I won't take another guy
Yesterday we hoped to see
You're the one for me today

Oh shit - I love you
Ain't that a shame

I'm worried about it baby
Oh shit - I need you
Am I to blame?
You've stolen my heart then maybe

I've tried to be with another men
But I can feel it - it's you - u - u - u
Oh shit - I love you
Ain't that a shame
I'm gonna give up myself right now

O - u - o - u - o
O - u - o - u - o
I cannot erase this memory
O - u - o - u - o
O - u - o - u - o
I can never fight my destiny
I've tried to be with another man
But I can feel it - it's you - u - u - u

Oh shit - I love you
Ain't that a shame
I'm worried about it baby
Oh shit - I need you
Am I to blame?
You've stolen my heart then maybe

I've tried to be with another men
But I can feel it - it's you - u - u - u
Oh shit - I love you
Ain't that a shame
I'm gonna give up myself right now
